listview-fader-row-highlight.png
Needs to be stretched vertically

a #ffffff
A] 24

listview-fader-bottom.png
Needs to be stretched horizontally

Medium listviews can have in each row upto 3 columns: Icon column, Text column, Arrow/Info column.

Icon column should only have an icon in it. Text column should have one or two rows of text. Arrow/Info column should have either the arrow icon or a text (like remaining time).

Row column size is dependant on it's content plus spacing.
